There is a time to work and play,
A time to eat and sleep;
A time to study and to pray,
A time to laugh and weep.
A time for fellowship that's sweet,
A time for sacred song;
But never is there time to treat
A human being wrong.

There is a time to lift men up
And help them on life's road.
A time to drain their bitter cup
And share their heavy load;
A time to bless them with our grace
And boost them all along;
But never is there time and place
To treat our fellows wrong.

There is a time to help men seek
Our God who saves the soul;
A time to show them that the meek
Shall reach life's highest goal;
A time to help them turn aside
And leave the wicked throng;
But never did our God provide
A time to treat men wrong.

Principal's Message

Congratulations to the Class of 1972, to me, the best class to be graduated from Portsmouth High School since I have been here. In this year's Principal's message, I am going to discard the usual format which is to reflect on the class motto and instead, insert a selection that really touched me when I read it.

CHIDREN LEARN WHAT THEY LIVE . . .

If a child lives with criticism, he learns to condemn.
If a child lives with hostility, he learns to fight.
If a child lives with ridicule, he learns to be shy.
If a child lives with shame, he learns to feel guilty.
If a child lives with tolerance, he learns to be patient.
If a child lives with encouragement, he learns confidence.
If a child lives with praise, he learns to appreciate.
If a child lives with fairness, he learns justice.
If a child lives with security, he learns to have faith.
If a child lives with approval, he learns to like himself.
If a child lives with acceptance and friendship,
he learns to find love in the world.

Speech And Drama Department

With the help of a sizeable federal grant, matched by the School Board, the Drama Department progressed this year to the point where it must be considered to be one of the best, if not *the* best, drama departments in the state. With this money Mr. Gremlitz has purchased a new lighting system and new equipment for building scenery. This year, three major productions and three children's shows have been produced.

To those who are:

When the staff undertook this yearbook — it envisioned as did so many previous staffs — a different kind of presentation.

We have tried to present what we feel has been the emotions of the school and the objectivity of its changing times.

We have discovered that despite all of our attempts this presentation is in a sense similar to all of its forebearers — not so different after all.

Why have creative thoughts not always been achieved? Could these have been stifled by a run-away economic situation — a large staff worn away by a shortened day — after school work and conflicting activities (educational & social)? Could it be that our creative talents have been covered by zealous classmates, motherly advisors (who we leave behind to answer for us) and tired workers — bless them all.

So — here it is our . . . creation, the 1972 Clipper Yearbook. It has not been an easy task but like all tasks its' joys far outweigh its anguish and we welcomed it.

Remember — "But never is there time to treat a fellow human being wrong." So read this with kindness.

You've got a lot to live
Pepsi's got a lot to give

What we mean is this: living isn't always easy, but it never has to be dull. There's too much to see, to do, to enjoy. Put yourself behind a Pepsi-Cola and get started. You've got a lot to live.
